

**APPLICATION FOR INITIATIVE OR REFERENDUM PETITION SERIAL NUMBER**

Secretary of State  
1700 W. Washington Street, 7th Floor  
Phoenix, AZ 85007

RECEIVED  
SECRETARY OF STATE  
2011 JUN 17 AM 10:58

The undersigned intends to circulate and file an INITIATIVE or a **REFERENDUM** (circle the appropriate word) petition and hereby makes application for the issuance of an official serial number to be printed in the lower right-hand corner of each side of each signature sheet of such petition. Pursuant to Arizona Revised Statutes § 19-111, attached hereto is the full text, in no less than eight point type, of the MEASURE or **CONSTITUTIONAL AMENDMENT** (circle appropriate word) intended to be INITIATED or **REFERRED** (circle appropriate word) at the next general election.

**SUMMARY:** A description of no more than one hundred words of the principal provisions of the proposed law, constitutional amendment or measure that will appear in no less than eight point type on the face of each petition signature sheet to be circulated.

The "Go Solar Arizona SREC Trading Exchange Initiative" seeks to establish a Solar Renewable Energy Credit (SREC) trading exchange that would allow Arizona to sell/export SRECs in a nationwide marketplace at a fair price to recoup their investment in clean solar electricity. One SREC equals One Megawatt Hour of Solar Electricity production. SRECs will be bought/sold by the State of Arizona, utility companies, tax equity investors, and corporations seeking to offset their carbon footprint. The Arizona SREC trading system will require the AZCC to create rules per [www.srectrade.com](http://www.srectrade.com). This initiative will allow substantial economic development within Arizona's construction industry.

2011 JUN 17 AM 10:55

43-1083. Credit for solar energy devices

A. A credit is allowed against the taxes imposed by this title for each resident who is not a dependent of another taxpayer for installing a solar energy device, as defined in section 42-5001, during the taxable year in the taxpayer's residence located in this state. The credit is equal to ~~twenty-five~~ fifty per cent of the cost of the device.

B. The maximum credit in a taxable year may not exceed ~~one~~ twelve thousand dollars. The person who provides the solar energy device shall furnish the taxpayer with an accounting of the cost to the taxpayer. A taxpayer may claim the credit under this section only once in a tax year and may not cumulate over different tax years tax credits under this section exceeding, in the aggregate, one thousand dollars for the same residence.

C. If the allowable tax credit exceeds the taxes otherwise due under this title on the claimant's income, or if there are no taxes due under this title, the amount of the claim not used to offset taxes under this title may be carried forward for not more than ~~five~~ ten consecutive taxable years as a credit against subsequent years' income tax liability.

D. A husband and wife who file separate returns for a taxable year in which they could have filed a joint return may each claim only one-half of the tax credit that would have been allowed for a joint return.

E. The credit allowed under this section is in lieu of any allowance for state tax purposes for exhaustion, wear and tear of the solar energy device under section 167 of the internal revenue code.

F. To qualify for the credit under this section the solar energy device and its installation shall meet the requirements of title 44, chapter 11, article 11.

G. A solar hot water heater plumbing stub out that was installed by the builder of a house or dwelling unit before title was conveyed to the taxpayer does not qualify for a credit under this section, but the taxpayer may claim a credit for the device under section 43-1090 or 43-1176 under the circumstances, conditions and limitations prescribed by section 43-1090, subsection C or 43-1176, subsection C, as applicable.

H. Solar energy devices generate one Solar Renewable Energy Credit (SREC) for every one megawatt of solar power generated. Solar tax credit recipients will transfer all SRECs to the State of Arizona, which will then be sold to utility companies, tax equity investors, corporations and other parties seeking to purchase SRECs to offset their carbon footprint.

I. An SREC trading exchange will be setup to allow the State of Arizona as well as other solar energy device owners to buy/sell one Solar Renewable Energy Credit (SREC) at a minimum rate of \$100 per SREC. SREC rates will increase in value at five-percent per year for the next 25-years.

STATE OF ARIZONA  
\$500 THRESHOLD  
EXEMPTION STATEMENT
